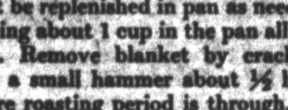
ALL STORES CLOSED Thursday
Thanksgiving Day. Shop Early. . . . Prices in this ad effective Saturday, Sunday, Monday, Tuesday and Wednesday, Nov. 28 [illegible] 25 in San Francisco, Oakland, Berkeley, Alameda, [illegible] lower alike and lower in San Mateo, Alameda, and C[illegible]

You can enjoy Your Thanksgiving Dinner

You will have greater enjoyment from your Thanksgiving dinner if you have been able to prepare it with a few quick twists of the wrist instead of making yourself a holiday slave to the kitchen. Simply use a dough blanket over your turkey — no basting — no watching. Result—a beautiful golden browned bird with no trouble at all!



Method

Brush the cleaned, stuffed and trussed bird with shortening; place securely, breast up in a large flat pan. Prepare stiff dough, using 6 to 8 cups of flour depending on the fowl's size. Add just enough water to form mixture that can be rolled. Knead mixture well; roll out ½ to ¾ inch thick and large enough to form a blanket that will drop clear down on either side of the bird. Place over bird (no tucking under, mind you). Be sure to let it hang free and be sure that it covers the bird! Pour 1 cup of water in pan; place *immediately in hot oven* (450° F.) for 15 minutes to allow blanket to set.

This is absolutely necessary. And don't let the turkey stand with the dough blanket on. If blanket should stretch thin at legs or thigh, take it off and re-roll it. When blanket is set, reduce heat to 350° F. and continue cooking.

So, no basting is necessary, but water must be replenished in pan as needed, keeping about 1 cup in the pan all the time. Remove blanket by cracking with a small hammer about ½ hour before roasting period is through. Be careful not to break skin when removing blanket. Brown uncovered if a deeper color is desired.

For Roasting Time

Turkey generally takes 15 to 25 minutes per pound depending on the way the bird has been fed. The smaller the bird, the longer the time per pound required for roasting. Cook at 325°-350° F.

Safeway Homemakers' Bureau

Ex Libris... By William Sharp

The Miracle of Lourdes
In the grotto of Massabielle, near Lourdes, there comes a Vision to little 14 year old BERNADETTE SOUBIROUS... A Voice directed to arise all Heaven... A Voice of a beautiful Lady at whose command, a mysterious, bubbling Spring gushes forth from the rocks....
The spring is given its blessing just by Louis Napoleon and the Empress Eugenie, when their ailing child drinks the water and becomes well again..
An ecclesiastical commission undertakes a four year investigation of BERNADETTE and her Vision, and determines that the appearance of the Lady and the spring constitutes an authentic miracle...
Given under the protection of the Church, BERNADETTE enters a convent and devotes the rest of her life to prayer and the healing of the sick.
"THE SONG OF BERNADETTE" by FRANZ WERFEL

Serve Your Own Jelly Roll

By Frances Lee Barton

WHAT gives a greater thrill than to hear a guest say "These jelly rolls are absolutely superb" and to be able to reply, "Thank you kindly, I made those myself!"

Here is a jelly roll recipe that you may use any time. It's a simple recipe for which you have all the ingredients in stock. And it makes the most delicious jelly roll imaginable:

Grape Jelly Roll

¾ cup sifted cake flour; ¾ teaspoon double-acting baking powder; ¼ teaspoon salt; 4 eggs; ¾ cup sifted sugar; 1 teaspoon vanilla; 1 cup Grape Jelly.

Sift flour once, and measure. Combine baking powder, salt, and eggs in bowl. Place over smaller bowl of hot water and beat with rotary egg beater, adding sugar gradually, until mixture becomes thick and light-colored. Remove bowl from hot water. Fold in flour and vanilla. Turn into 15 x 10 inch pan which has been greased, lined with paper to within ½ inch of edge, and again greased. Bake in hot oven (400° F.) 12 minutes. Quickly cut off crisp edges of cake. Turn out on cloth covered with powdered sugar; remove paper. Spread with jelly and roll. Wrap in cloth and cool on rack.

Note: For a moist butter sponge roll, fold 2 tablespoons melted butter into batter before turning into pan.

FOR VICTORY

BUY UNITED STATES WAR BONDS AND STAMPS
Buy Bonds!

It's common sense to be thrifty. If you save you are thrifty. War Bonds help you to save and help to save America. Buy your ten per cent every pay day.

A dime out of every dollar we earn
IS OUR QUOTA for VICTORY with U.S. WAR BONDS

WAAC'S Issue Appeal For Women Mechanics

Attention women radio operators and mechanics!

The WAAC's (Women's Army Auxiliary Corps) have issued an urgent call for recruits who have had experience as radio operators, radio mechanics, teletypists and PBX operators. Qualified amateur operators and technicians are also acceptable.

This is a splendid opportunity to join the WAAC's and at the same time to be in the nation's war effort. Only qualifications are that the applicant be from 21 to 44 inclusive, in good health, and an American citizen.

Don't delay . . . this quota must be filled at once. Visit or write the WAAC Recruiting headquarters, 444 Market street in San Francisco.

CONSCIENCE

Conscience is that still small voice warning the motorist doing more than 35 that there is a highway cop behind him.

Wasted money is wasted lives. Don't waste precious lives. Every dollar you can spare should be used to buy War Bonds. Buy your ten percent every pay day.

FOOD RATIONING, present or threatened, may have dampened your Thanksgiving spirit. But other, earlier Thanksgiving Days have been faced by this nation with the prospect of tightened belts.

Probably, too, your observance of this traditional holiday will be overcast by the absence of loved ones now in danger. As Americans, let us take comfort in the knowledge of the high ideals for which our men are fighting.

Under these wartime conditions, may we wish for you the happiest possible Thanksgiving holiday, and pledge our utmost aid through service to you.

Extension Offers Class In Pottery

Repeating her popular class in pottery just in time for those who wish to make their own Christmas gifts, Mrs. Gertrude Wall is meeting a class each Tuesday from 7 to 9 p. m. at the University Extension Center, 540 Powell street, San Francisco.

The course includes lessons in preparation of clay, mold-making and glazing, and the instructor supervises the work of beginner's in artistic form building and individual expression. Tiles, vases and bowls are among the objects to be made in the class. Registration may be made at any time at the above address or by phone.

"Every dime and dollar not vitally needed for absolute necessities should go into WAR BONDS and STAMPS to add to the striking power of our armed forces." —FRANKLIN D. ROOSEVELT, President of the United States.

There seems a striking parallel in circumstances between th ngers first Day of Thanksgiving held on this continent and the Day hat Thanksgiving set aside in this troubled, grimly-fighting America on th 1942.

The Pilgrims, even as we, looked back upon a year of anxiet here and peril, a year in which the savage world about them had soug to destroy them, and had inflicted injury and death among them. An ruins the Pilgrims, even as we, looked also back upon a year of bountifu harvests—a harvest that would feed their women and children throug e Am the hard, winter ahead, and would maintain the strength of the reso f fo but take up guard at the stockade against all enemies that migh come.

The harvest for which the American people may give heartfel ur Al thanks to Providence is many-fold. The spirit of America, whic of A our enemies thought weak and open to disruption, has flourishe since Pearl Harbor into a mighty oak of unity and will to victor that stands unshaken in the winds of hate that sweep the world Materially, American brawn and brains and inventiveness and right o hav e the d to over let

THE UNEXPLODED BOMB

NO. 2

EDITOR'S NOTE: Did it ever occur to you that in the event of an air raid your home may survive the raid with no damage whatsoever, and that a day or two after the enemy bombers have departed, it may be blown to bits?

That may happen. When it does, the answer will be the unexploded bomb, the UXB. In last week's article we told you about the UXB and why it is the most dangerous and devastating of modern war's weapons. In this article, one of a series authorized by the U. S. Office of Civilian Defense, for the Ninth Civilian Defense Region, we will tell you about the organization working to render these bombs impotent.

Unexploded bombs which have come howling down out of the skies during an air raid are not found lying on the surface of the ground.

Instead they will come crashing through the roofs of homes, factories, or buildings, tear through the limbs of trees and bury themselves from 15 to 60 feet deep in the ground.

Almost always they leave indications of their passage. It is these indications, which if promptly reported, begin a series of coordinated and planned operations in your defense. When your Air Raid Warden has reason to believe that an UXB has fallen in his area, he has been instructed to immediately call the control center of your civilian defense council. The Control Center will dispatch a Bomb Reconnaissance Agent to make a thorough investigation of the scene and decide whether the hole through the roof, the living room floor, basement or pavement was caused by the passage of a bomb, or whether it was caused by a chunk of concrete blown from an actual nearby explosion.

Bomb Reconnaissance Agents have been carefully chosen by your Civilian Defense council and given a special course of training by the U. S. Army to prepare them for their duties. If the Bomb Reconnaissance Agent decides that an UXB does exist, he will instruct the Air Raid Wardens to remove the residents from the area where the UXB has planted itself. Thus you will be told that you must grab a suitcase of clothes and move out of your home, along with your family and your neighbors for a considerable area around the unexploded bomb.

You will have to find residence somewhere else in the city. Maybe you won't enjoy doubling up with Aunt Minnie's family for a week or ten days, but it will be a lot better than sitting on the proverbial "keg of dynamite," that may go off at any moment and blow up you, your family and the whole neighborhood. If you have no place to go, your Civilian Defense Council will assist you in finding quarters.

Auxiliary police will be sent to the scene to rope off the area, direct traffic from the evacuated territory and to police the neighborhood so that your home possessions will be protected while you are away. The control center of your Civilian Defense Council will also notify the U. S. Office of Civilian Defense headquarters nearest your city, which in turn will call for the expert assistance of the Bomb Disposal Unit of the Western Defense Command and Fourth Army.

At this point the U. S. Army will take over and it will be the Army's job to take such measures as may be necessary to remove the planted bomb. In case a number of UXB have fallen, it may be a week or more before the Army can take care of the one which has disrupted your life. But you must stay away from your home until you are notified by the authorities that it is safe for you to return.

Every citizen has a responsibility to perform in connection not only with the UXB but with all other instruments of war which may fall during an air raid. This responsibility will be outlined in next week's article. If you fail in your responsibility, in performing the simple part you have to play, the rest of the protective force set up to save you, your family and neighbors, probably won't have a chance to function and you all may be killed. It is your responsibility to know what to do and to do it when the moment for action arrives.

Wage Earners May Obtain S. S. Statement

Wage earners whose jobs are covered by the social security act were reminded today that a statement of wages credited to their accounts may be obtained from the social security board and that any errors in the account for employment in 1938 must be corrected before the end of this year.

Edward J. Foley, manager of the board's San Mateo office, explained that the law limits the time within which errors or omissions in a worker's account can be corrected to four years after the year in which the wages were received.

The San Mateo office of the social security board, located at 308 Baldwin avenue, will furnish on request a postcard form on which the worker may apply for a statement of his account.

A Man's Dessert

By Frances Lee Barton

WHEN Concord grapes are on the mart
And early frost is brewing,
Men's appetites begin to shout,
"We're hungry girls, what's stewing?"
Get out your tapioca box.
Get grapes.
Cook, strain and squeeze 'em.

Oh! Here's the recipe complete.
A man's dessert! 'Twill please 'em.

Concord Grape Tapioca

4 cups prepared Concord grapes; ¾ cup water; 4 tablespoons quick-cooking tapioca; ½ cup sugar; ¼ teaspoon salt; 1 teaspoon lemon juice; ½ teaspoon grated lemon rind.

Wash and stem grapes. Add water, cover, and cook about 5 minutes. Strain; add water to juice to make 2½ cups. Combine tapioca, sugar, salt, and grape juice and water in saucepan and mix well. Bring mixture quickly to a full boil over direct heat, stirring constantly. Remove from fire. (Mixture will be thin. Do not overcook.) Add lemon juice and rind. Cool, stirring occasionally — mixture thickens as it cools. Chill. Serve in sherbet glasses with plain or whipped cream. Serves 6.

Winterland Now Open For Skaters

Transported from the frozen rivers and lakes of the snowy East, the joys and sport of winter in snow country are being mixed with native California climate by San Franciscans, since the reopening of Winterland, Post and Steiner streets, for public skating.

Again featuring "Marvel-Smooth Ice," the rink has undergone extensive remodeling since the close of the scintillating "Ice Follies."

Gay throngs of enthusiastic ice skaters are returning in full force to enjoy the thrills of skating on the world's smoothest skating surface.

During the alterations, the ice area has been doubled in size. The entire lobby of the building has been transformed to provide the greatest comfort and convenience for skaters.

Among the activities now offered at Winterland are included group sessions of local skating clubs and courses of instruction under the direction of the best known skating instructors of the country. Skates are available at the rink.

LUCCA MEAT MARKET

THANKSGIVING WITHOUT TURKEY?

One of the oldest American traditions is serving turkey on that most truly American holiday, Thanksgiving Day. It's a custom that started away back when the forefathers of our nation gathered to give thanks for the blessings of the new world.

It is most fitting, then, that turkey should be the highlight as friends and families gather in this spirit on the occasion of the day. It's also the sensible meat to serve this year, as conservation is one of our foremost wartime problems. LUCCA MEAT DEPARTMENT is offering a good selection of choice birds at the lowest market prices.
